THE LIVERPOOL ORPHANAGE

Annual Report

THE Committee of The Liverpool Orphanage have pleasure in presenting their Statement of Accounts and Report for the year 1946.

Number of children in residence at the commencement of the year	107
Boys left to take up positions found for them	3
Boys awarded Liverpool City Technical Scholarships	3
Boys left to join the Navy	1
Girls left to take up positions found for them	3
Temporary service admissions returned to parents	14
Number of admissions	13

With the publishing of the Annual Report, the Committee have unfortunately to record that they are still unable to announce a date of de-requisitioning of the Woolton premises. Continuously and urgently all through the year, representations have been made to the Ministry of Works and other Ministries concerned, Home Office conferences have been held, and every possible avenue exploited in an endeavour to regain possession of our own building. In view of the fact that almost every other local school and institution which was evacuated has now returned, and our efforts over the past four years have availed us nothing, we can only place upon the Ministries concerned the onus of the loss to the City's children of the excellent amenities for education and training which our magnificent Woolton building offers. Additionally, the Liverpool Education Committee is co-operating with us, and upon our return it is expected that the Orphanage School will be recognised as a Voluntary Primary School and free places offered for the use of children in the neighbourhood. The school congestion problem has now become a serious one and, here again, we are being hampered in our service to the City by our inability to get back to our rightful premises.

Meantime, we have done everything possible for the education and welfare of our children under the evacuated conditions, and we are pleased to record that again this year our three entrants from Hawse End for the Liverpool City Technical Scholarship have been successful, and credit is due to the Headmaster and all the Orphanage staff for their continued loyalty and support.

Despite the fact, however, that in the course of the year Ministry of Education Inspectors have expressed themselves agreeably impressed with the educational standards of the children, arrangements are to be made for the Hawse End boys to commence school at the Crosthwaite Senior School, Keswick, whence they will be transported daily by bus. It will be remembered that the Senior Girls have been attending the Ambleside Senior School since the Summer Term, 1945, and it has now been decided that the younger ones attend the Ambleside Junior School. In this way all the Orphanage children will have further contact with the outside world, which will broaden their views and better fit them for their life upon leaving the Orphanage. We are also planning to hold evening classes at Wanlass How, and the Westmorland Education Committee have agreed to supply teachers for commercial, dress-making, and other subjects which should permit of a curriculum, both instructive and enjoyable. The above arrangements will, of course, mean dispensing with the services of our own teachers, which we will do with regret.

During the month of August some of the older boys had a happy week's camping at Brougham Castle, Penrith, and it is hoped to arrange a repeat of this next year. They were also again successful in gaining first place in the All England Rose Hip Collecting Competition. The older girls, too, who have joined the local Girl Guides, hope to spend a week's camping with the Guide Company next summer. The children had their annual joint outing to Morecambe on July 11th, where they all spent a very happy day, and we are again indebted to the Old Boys' Association for their kindness in supplying the necessary funds. Christmas was an exceptionally happy one for both establishments, with plenty of good Christmas fare and seasonable activities, the staff working very hard for the children's enjoyment.

The general health of the children has been excellent, and apart from a few mild cases of whooping-cough, there has been no sickness to report from either establishment.

Every effort is being made to keep expenditure down consistent with general efficiency, and once again we should like to record our grateful thanks to all subscribers and donors, and our appreciation of their continued support.

We are sorry to report that Mr. J. D. R. Tilney has intimated his intention of resigning from the General Committee owing to increased commitments, and we should like to take this opportunity of thanking him for all his assistance and helpful counsel in the past.

ANNUAL SUBSCRIPTIONS, 1946.

Subscribers would greatly oblige by informing the Secretary of any error in the following list, and also by communicating promptly change of address
